FAIRPLAY

Fairplay's **Community Day** is a meaningful, engaging way for **corporate teams, school groups, and organizations** to step outside the office or classroom and into a community-led experience that fosters **teamwork, empathy, and social responsibilit**y.

Whether you're looking for a unique teambuilding activity, a service-learning opportunity, or a company CSR experience—Community Day offers a powerful way to connect with your team and make a difference.

LET'S LEVEL THE PLAYING FIELD ---TOGETHER

Community Day is led by the young people of Payatas. They're not just participants—they're **mentors, guides, and changemakers**. Your group will learn with them, not just about them.

Come see what **"leveling the playing field"** really looks like —one game, one conversation, one community at a time.
